

## MEXICANS MAY PASS THROUGH UNITED STATES

Colquitt's Withdrawal of Consent for Soldiers to Travel in Texas Will Be Ignored

MOYER DENIES LABOR INVOLVED IN REVOLT

Two Rebel Officers Connected with Salazar's Troops Sail to Be Under Arrest in U. S.

WASHINGTON, Sept. 30.—Even if it would have any effect, which is considered doubtful, the objection of Governor Colquitt's message asking the transfer of Mexican troops through a portion of that state under the permission accorded by the secretary of state, probably will come too late to be considered.

It is said at the state department that Governor Colquitt's consent is asked as a matter of courtesy, that consent having been given and the state department having granted its own permission, General Steever was ordered today to provide a proper escort and see that the Mexican troops were conducted safely through the Texan territory covered by the permit.

Up to the time the state and war departments were closed for today, Governor Colquitt's message asking to withdraw his original consent reached neither department.

### MOYER DENIES INFLUENCE

ELY, Nev., Sept. 30.—Emphatic denial was made today by President Moyer, of the Western Federation of Miners, when shown a dispatch from El Paso, in which Senator Fall is quoted as saying that the federation of miners had been mentioned in evidence tending to show certain American organizations were interested in promoting the revolution in Mexico with a view of establishing a socialist commonwealth.

"The federation has taken no part in any way, at any time, during the troubles in Mexico, as an organization or individuals, as far as I know," said President Moyer.

### SETTLEMENT EXPECTED

BINGHAM, Sept. 30.—While the strike situation showed no change today, developments are expected tomorrow. It was reported late today that 150 Japanese laborer will be placed on the pay roll of the Utah Copper company again tomorrow. This is taken to indicate that a settlement is looked for.

### DENIES REPORTS

EL PASO, Texas, Sept. 30.—Senator Fall is here taking testimony concerning the allegations that American fomented the Mexican revolution. He denied the committee had decided to recommend intervention.

BRYAN REFUSES TO ANSWER.

Bryan, on his return here tonight to wind up his day's speech making in eastern Wyoming. The question was asked by a reporter waiting at the station to greet him.

"I consider the question impertinent," retorted Mr. Bryan, after a few seconds' hesitation.

## Situation In Balkan States Causes Great Uneasiness in Europe

Stoppage of Servian Ammunition by Turks Taken as Grave Affront

LONDON, Sept. 30.—The near-eastern situation was considered in diplomatic circles here as distinctly serious, although the officials were disposed to be optimistic.

This feeling is widely spread, in consequence of the lateness of the season and the fact that the powers are working in concert in tendering their advice to the Balkan state to keep peace.

Stoppage of passage of Servian ammunition by Turks is regarded as the most serious incident recorded. The Servians and their friends take this as a grave affront, and demand immediate release of this ammunition.

### WAR PREPARATIONS

BELGRADE, Serbia, Sept. 30.—War preparations are being carried on in feverish haste, and a general mobilization of the Servian army is ordered. It is expected to be well under way within twenty-four hours. The publication of news of military movements is forbidden.

## First of Foreign Nations, Japan Selects Site For Its Great Permanent Exhibit at Exposition

SAN FRANCISCO, September 30.—With a military review of 3,000 troops at the Presidio, daylight fireworks and religious ceremonies, the dedication of the site selected by the Japanese commissioners for Japan's exhibit at the Panama-Pacific international exposition, which will cost \$1,000,000 was held here recently.

Japan is the first foreign nation to select a site on the fair grounds and an ornamental sign board characteristic of old Nippon will mark the spot.

Leaving the Fairmont hotel just before noon the party, including the Japanese commissioners, Lieut. Gov. Wallace, Mayor Ralph, foreign consuls and directors of the world's fair, as well as a hundred other prominent citizens in automobiles proceeded to the Cliff House where a luncheon was served in honor of the three representatives of the milado, Commr. Gen. Haruki Yamawaki and Commr. Takeda and Yoshikatsu Katayama.

Then the party proceeded to the Presidio, where it was met by troops and escorted to the site. The troops were reviewed by Col. Cornelius Gardener, after which the actual ground breaking ceremonies took place. The three Japanese commissioners turned the first spadeful of dirt on the site of the Japanese building, which is to be presented to the United States after the exposition, to become a permanent addition to the city's assets.

Moving picture men were there to take pictures of the ceremonies.

Counsel for Mr. Pierce devoted the entire day in efforts to prove John D. Rockefeller, Archbold and other important men in the Standard Oil company of New Jersey, still own and control of the Standard Oil company of Indiana, despite the dissolution order of the United States supreme court.

NEW YORK, Sept. 30.—Enthusiasts who are following the conciding work of the New York Giants before the world's series are surprised by the strength of McGraw's string of recruits. The pitchers, Demaree, Kirby, Goulet and Bader are all strangers.

The names of the Giants' lineup who have been tried out in the last few games have helped to boost New York's showing.

In the last five games, the Giants have lost but one, that one pitched Saturday by a so-called star in the team of Big Left Tedreau, against the Boston.

Today's victory is the 101 for the Giants this season, one less than the string of the Boston Americans to date.

The earlier opinion that Boston will be a strong favorite in the world series is weakening. Many experts say the contenders are so evenly matched that a seven-game series is not unlikely.

## DRIVER OF AUTO FOUND IN DEATH

Three Men and One Woman Arrested on Suspicion of Knowledge of Slaying of Chauffeur

SEATTLE, Sept. 30.—Seattle police arrested three men and one woman today who are alleged to have knowledge concerning the recent taxicab murder of Harry Barr in Portland. The prisoners are Edward J. Snyder, teamster; Bessie Miller, chambermaid; F. C. Maxey and Bob Pugh, laborers. The four are held at police headquarters on an open charge.

PORTLAND, Sept. 30.—Harry Barr, owner of the automobile livery service was found murdered on the Linnton road, near here, the morning of September 17 having been shot in the head, apparently while he was seated at the wheel of his machine. His body afterwards was thrown down an embankment, where it was found a few hours later.

Later the automobile was found in front of a hotel in Portland, many miles from the scene of the murder. It developed that Mr. Barr, in the capacity of a driver, had taken a woman, consisting of two men and a woman, to a resort on Linnton road and left them, stating he had to return to Portland for another party. That was the last seen of him alive by the members of the first party.

## GEORGE A. OLNEY HEAD OF DEMOCRATIC COMMITTEE

HARRIMAN INFLUENCED ARIZONA GOVERNORSHIP

Late Railroad Magnate Said to Have Protested Fowler's Appointment as Executive

ROOSEVELT DENIES

WASHINGTON, Sept. 30.—All correspondence between Roosevelt and E. H. Harriman, covering the period of Roosevelt's succession to the presidency in 1901, until Mr. Harriman's difference with him in 1906, was placed in evidence today before the senate committee.

Investigating campaign expenditures, out of scores of letters covering every subject, from exhibits of Indian pictures to the appointment of federal judges and territorial governors, the senate committee was able to obtain little new light bearing on the subject of campaign contributions or the disputed question whether Colonel Roosevelt specifically asked Mr. Harriman, in 1904, to raise \$240,000 for his campaign.

Testify to Fund

C. C. Tegethoff, now agent for the Harriman estate, and former private secretary for Mr. Harriman, and Charles A. Peabody, president of the Mutual Life Insurance company, personal attorney for Mrs. Harriman in the administration of the estate, both testified that Mr. Harriman told them the raising of a big campaign fund was undertaken at Mr. Roosevelt's request, a statement which Mr. Harriman made before his death, but which Colonel Roosevelt denied. Other than the file of letters, no documentary evidence is offered. Out of the many letters, none was produced except that which was written by Mr. Harriman to Sidney Webster, January 2, 1906, that in any way bore on the charge that Roosevelt asked Mr. Harriman to raise funds.

Harriman Suggests Officials

The appointment of the governor of Arizona, in 1906, opened a correspondence between Colonel Roosevelt and Mr. Harriman. Mr. Harriman recommended Chief Justice Edward Kent for governor, to succeed Governor Brodie, and W. H. Still for chief justice to succeed Judge Kent.

Objected to Fowler

January 28, 1906, Mr. Harriman wrote President Roosevelt he would "very much regret" the appointment of B. A. Fowler as governor of Arizona. He said he had no particular candidate to urge, but hoped "some other and more suitable man may be selected."

Colonel Roosevelt replied, January 29, that he had "in no way been committed to Fowler, but that had he been our candidate for congress, his nomination would be absolutely certain."

"What is there against Fowler?" the president asked in conclusion.

Mr. Harriman replied, January 30, "My information is to the effect that Mr. Fowler is a very strong partisan of the Santa Fe," and he expressed the belief that E. W. Wells, of Prescott, was "an able and fair man."

Sought Interview

Mr. Harriman added: "I have no candidate to urge, but trust you will not appoint Fowler. It would like to talk to you on the telephone about this."

Colonel Roosevelt replied the next day, it would be "very unpleasant" for him, "with Morton in my cabinet, to say I rejected Mr. Fowler merely because I heard he was a strong Santa Fe man, unless there is some specific objection to him."

"I need hardly tell you," President Roosevelt added, "that if I appointed him, I will treat him as such as if he was a chicken the moment I found he was showing one particle of favor to the Santa Fe, or for that matter, to the Southern Pacific or any other railroad, just as I would twist it if I found he was discriminating against any railroad. How would it do for me to write him this in practically these words?"

Harriman Again Protests

Mr. Harriman again protested against Mr. Fowler's appointment, saying his railroad interests, he did not believe, would get a square deal in Arizona.

A series of letters contained no further reply from Colonel Roosevelt. His Arizona Governorship was filled by the appointment of Joseph H. Kibbey, in 1905.

BELLIGERENCY SUSPENDED

FUEL ADDED TO BALKAN FIRE.

TURKEY, Sept. 30.—Grecian relations have improved since Turkey apologized to Greece for firing on Turkish troops on the Grecian steamer, Rumlou, but the Bulgarian proclamation of general mobilization has on the other hand, added fuel to the Balkan fire.

CHAIRMAN SECURES 17 VOTES OVER OPPONENT

Other Officers Were Elected Without Division. First Test Results in Selection of Secretary

DUNBAR GETS PLUM

PHOENIX, Ariz., Sept. 30.—George A. Olney, of Phoenix, chairman, J. H. Robinson, of Prescott, secretary, and I. W. Wolpe, of Phoenix, treasurer, were elected here today as the officers of the democratic state committee. Olney received 17 votes, C. M. Roberts, 25; Roberts voted for himself, and Olney passed.

This was the outcome of the democratic state committee meeting held today.

After this vote other officers were elected without division.

The first test came on the election of temporary secretary, with Mark L. Dunbar and Sam Hall in nomination. Dunbar received 16 and Hall 10 votes, no proxies voting.

Session Stormy

The session at times was stormy, but the conservatives were so plainly in control that they could afford to make all concessions that could be asked on reasonable grounds.

Roberts moved the investigation of the vote in Jerome precinct for Reese M. Ling for national committeeman.

Objection Made

Objection was made that the state committee was without jurisdiction. The motion was tabled on a strictly conservative and radical vote.

The republican state organization was continued, with Lorenzo Hubbell chairman, Charles Arnold secretary, and Banker Martin, of Globe, treasurer.

It is stated tonight that at the party council tomorrow, both parties will adopt the equal suffrage plank.

George A. Olney, who becomes the new chairman of the democratic state committee, is one of the best known democrats in Arizona, and has been prominent as a party leader for many years. On several occasions he represented Graham county in the old territorial council, and was a delegate to the national democratic convention in the year 1909, when Bryan received his second nomination.

The result yesterday was a clean defeat for the state administration democrats, as led by Governor Hunt. C. M. Roberts, senator from this county, has been a warm and consistent supporter of the governor ever since he reached the gubernatorial chair.

Defeat Distasteful

It is always distasteful to have to record defeat for "Dear Old Cochise," but in the selection of such a sterling democrat as George A. Olney, we offer our congratulations to the members of the state committee.

Mr. Olney has lived in Arizona ever since he was a mere boy, all the time in Graham county until last winter, when he moved his residence to Phoenix. He has always been in the cattle business, and he served four years as sheriff, beginning with the year 1891.

There has never been a democratic campaign in Arizona during the last quarter of a century in which George Olney was not found in the front rank.

No Quarter Shown

His being placed at the head of the committee will mean that the republicans and Bull Moosers will be shown no quarter in the campaign which is to follow, and that a victory will be won of such magnitude as will carry joy into the hearts of democrats wherever found.

J. H. Robinson returns to the position of secretary of the democratic committee, a position which he held for six years consecutively when Hon. Joe Dillon, of Prescott, was chairman. Dillon and Robinson retired when the first state committee was elected last year.

CRISIS AT HAND

ELY, Nev., Sept. 30.—A crisis in the labor difficulties in the Ely district is close at hand. A statement was made today by a man closely identified with the Nevada Consolidated Mining company that the company is willing to grant the fifty cents advance in wages asked, but not to recognize the union. President Moyer, of the federation, is here, but will make no statement. A strike tomorrow, he says, will not surprise anyone.

ESCAPES HIS CELL

CARSON, Nev., Sept. 30.—Felixing illness, Frederick Skinner, who is serving a 50-year sentence in the state prison here for a murder committed at Goldfield, escaped from a cell in the sick ward Saturday night, and is not yet recaptured. The fact was made public today. With a small screw driver he worked off the lock, walked across the yard, cut the insulated electric wires about the prison wall, and escaped.
